Action Plan

Helen Batt, Yorkshire Area Flood Risk Manager,
Environment Agency

Action Plan: Why

2 major floods in South Yorkshire in 12 years

1600 properties flooded in 2019

>24,000 properties still at risk

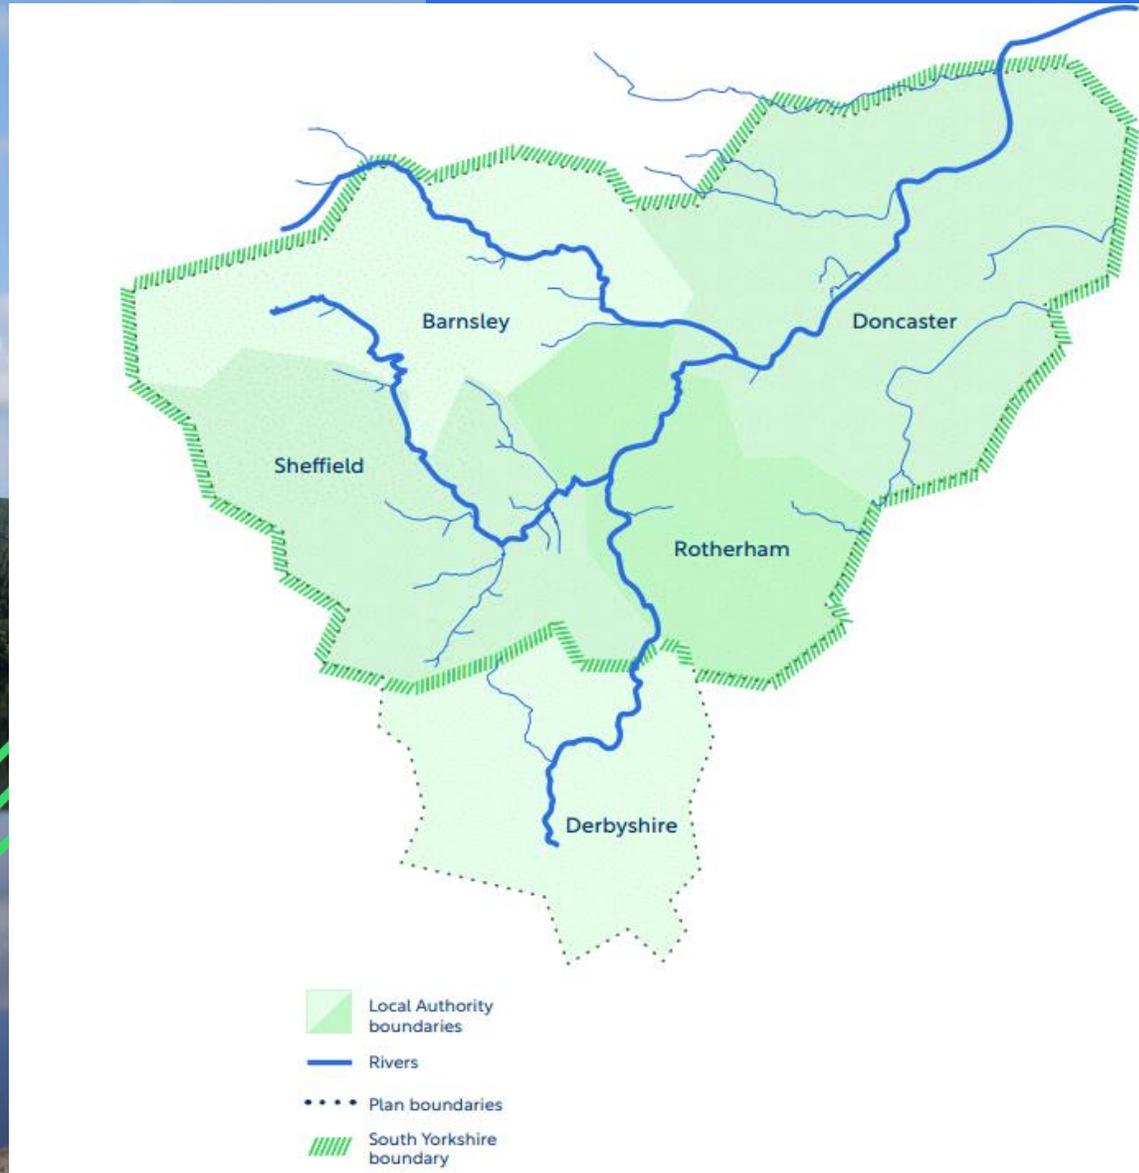

For every 1 person flooded, 16 more are impacted

Up to 1.4m sea level rise in Humber by 2121

River level flows will increase by 20-50%

Action Plan: What

144
actions

27
projects

39+
partners

10
workshops

4
themes

1
approach

Action Plan: How

100
actions already
underway

£40m
for nature based
solutions

Priority Programme of
27 projects is worth
£257m

£104m
needed to deliver the
Priority Programme

£153m
secured or allocated for
the Priority Programme

Action Plan: How

Plan to tackle impact of flooding to 2100 – safeguard future generations

Community consultation on the plan – so communities are involved

Review plan every year – it's a 'living plan'

Action Plan: Outcomes

Better protect
>17,000 properties

Adapting – communities
and businesses bounce
back quickly after floods

Race to net zero

Nature recovery
